Good Afternoon **s. 47F(1)**

s. 47F(1)

s. 47F(1) has passed me your request concerning the progress and findings from investigation AI-2018-010. I am the IIC for that investigation. The investigation's [web page](#) has a description of the investigation's objective and scope, and also includes an update on its progress. The draft Final Report has been completed and is currently with Directly Involved Parties (DIP) for their review. The DIPs process is scheduled to be completed on 30 November. I hope to have any changes resultant from the DIPs submissions completed and the report ready for public release by mid-December.

If it would assist, I could identify the coroner as an interested party regarding this investigation. This will enable the coroner to have access to the final report one week before its public release. My contact details are as below, should either you or the coroner request any further help with respect to this investigation.

Cheers
